

## Blood Relations

### One Mark Questions

1. There are six members P, Q, R, S, T and U in the family of three generations. Each of them is married. P is mother-in-law of R. Q is father of S, who is not married to R. Q is not in 1st generation. T is not married to S. U is a male member. Gender of P and S is same. How is P related to S?

- a. Grandson      b. Sister      c. Mother      d. **Grandmother**

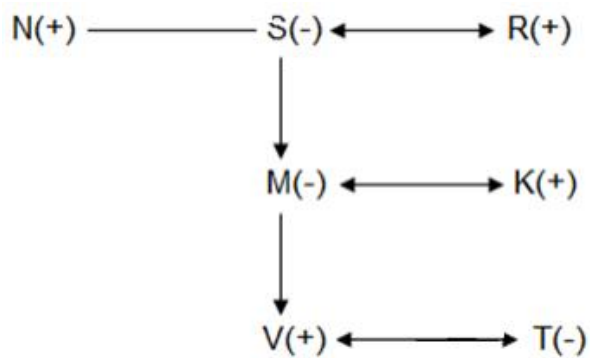

Family Tree:

2. There are seven persons K, M, N, R, S, T and V in a family, which has three generations. T is the daughter-in-law of K. R is the father of M. K is the son-in-law of sister of N. Gender of N and V is same. S is a female. How is R related to V?

- a. Father-in-law      b. Brother      c. Father      d. **Grandfather**

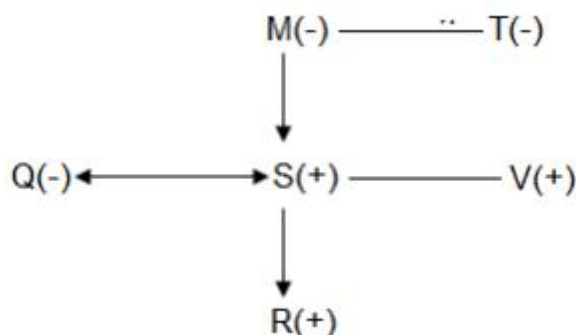

The family tree:

3. There are six members M, Q, R, S, T and V in a family which consists of three generations. Q is the daughter-in-law of M. R is the only son of S, whose mother has a sibling. M has more than one son. T is a female member. S is not the uncle of R. How is T related to S?

- a. Sister    b. Daughter    c. **Aunt**    d. Sister-in-law

The family tree

4. Pointing to a girl Priya said, 'She is the daughter of my grandfather's only child. How is she related to that girl?

- a) Mother    b) Aunt    c) **Sister**    d) Daughter

Priya's grandfather's only child's daughter is sister of priya

5. Looking at a photo, Anila said, "This man is the only son of my mother's mother-in-law". How is Anila's father related to the man in the photo?

- a) Son      b) Brother-in-law      c) Father      d) **Himself**

Anil's mothers's mother- in- law means anila's fathers mother, his son means himself

6. Arpita said, "Arun is my maternal grandmother's only daughter's only grandson". How is Arun related to Arpit7a?

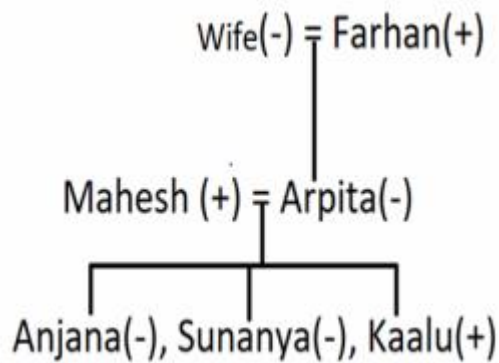

- a) Brother      b) **Son**      c) Father      d) Son-in-law

So, Arun is son of Arpita.

7. Anjana and Sunanya are the only daughters of Mahesh. Sunanya's grandmother is wife of Farhan who is father of Arpita. Arpita has a son Kaalu. How is Farhan related to Anjana?

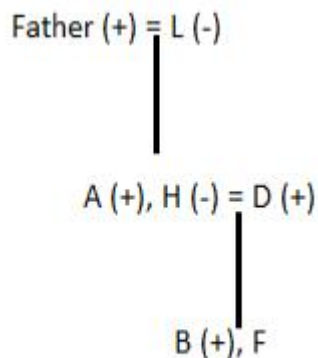

- a) **Grandfather**      b) Father      c) Daughter      d) Granddaughter

Farhan is grandfather of Anjana.

8. A is uncle of B who is son of D, but D is neither brother nor sister of A. A's father is husband of L. L's daughter H is mother of F. How is B related to F?

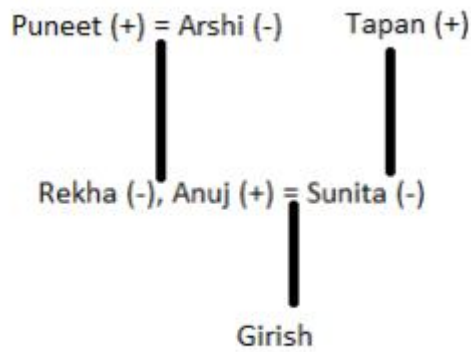

- a) **Brother**      b) Sister      c) Mother      d) Aunt

B is brother of F.

9. Arshi is mother of Rekha. Sunita is sister-in-law of Rekha. Tapan is maternal grandfather of Girish. Anuj is son of Puneet. If Arshi is mother of a son and a daughter, then how is Tapan related to Anuj?

- a) Father    b) **Father-in-law**      c) Brother-in-law      d) Son-in-law

Tapan is father-in-law of Anuj.

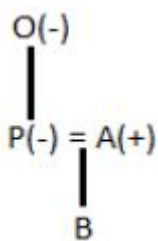

10. If my son's daughter is the daughter-in-law of Kartik, then how is Kartik's daughter's son is related to my husband's only daughter?

- a) Son      b) Grandmother      c) **Grandson**      d) Nephew

The son of kartik's daughter is grandson of my husband's only daughter.

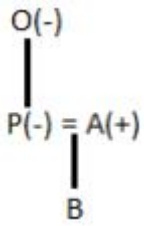

11. A is father of B. O is mother of P. P is the mother of B. How is O related to B?

- a) Sister b) Mother c) **Grandmother** d) Granddaughter

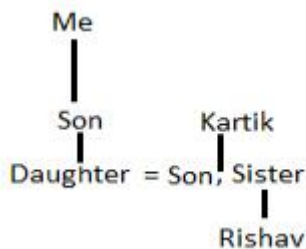

12. A is father of B. O is mother of P. P is the mother of B. How is P related to A?

- a) **Wife**      b) Husband      c) Mother      d) Father

13. If my son's daughter is the daughter-in-law of Kartik, and Kartik's daughter's son's name is Rishav. How is my daughter related to Rishav?

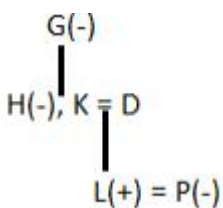

- a) Mother      b) **Aunt**      c) Sister      d) Daughter

**My Daughter is Aunt of Rishav**

- a) Son-in-law      b) Brother-in-law      c) **Mother-in-law**      d) Sister-in-law

## Two Marks Questions

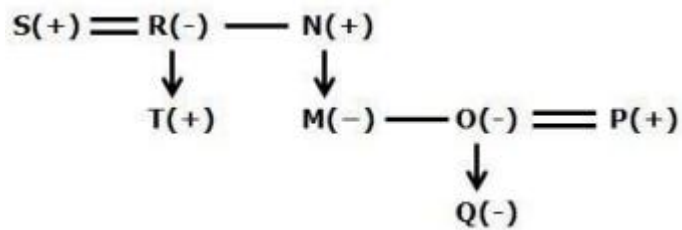

1. A family consists of eight members and three married couples. No single parent in the family. B is the sister-in-law of V and vice versa. C is the only son of M who is the spouse of N. B is the aunt of R. L is the son-in-law of N who is the grandfather of Q. Q is the only kid of B. B is not married to C. If A is the son-in-law of C, then how R is related to V?

- A. Grandson      B. Daughter-in-law      C. Son      D. **Daughter**

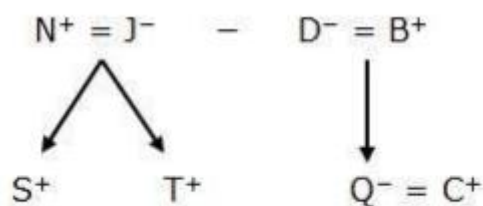

2. Eight members are there in the family with three generations and only two married couples. M is the sister-in-law of P, who is the father of Q. P has no siblings. T is the nephew of N and the only child of S. S is married to R, who is the paternal aunt of O. Both M and T are unmarried members. O has no son. Who among the following person is a single parent?

- A.T      B.M      C. **N**      D.S

3. Q is the only daughter of B, who is the brother-in-law of J. S is the brother of T. N is the father of T but is neither the spouse of Q nor B, who doesn't have any siblings. C is the son-in-law of D, who is the maternal aunt of T. The number of males in the family is more than the number of females in the family. Both the parents are alive in the family. How is J related to N?

- A. Sister   B. Brother   C. **Wife**   D. Husband

Directions for Questions (4-5):

Study the following information carefully and answer the given questions:

S#T – S is the son of T.

S@T – T is the child of S.

S\$T – S is elder than T.

S\*T – S is the husband of T.

S©T – S is the parent of T.

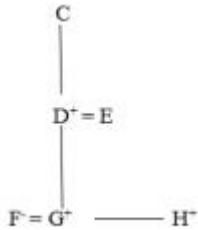

S&T – T is the daughter-in-law of S.

S%T– S is the wife of T.

4. If  $C @ D * E \& F \% G \$ H \# D$ , then how H is related F?

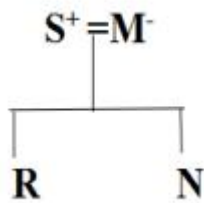

- a) Brother      b) Uncle      c) Father in law      d) **Brother in law**

H is brother of G, so he is brother in law of F

5. If  $S * M @ R \$ N \# S$ , the age of M is 35 years and of N is 18 years then what is the probable age of R?

- a) 17 years      b) 19 years      c) 20 years      d) **Both b and c**

E ( $R > N$  i.e., N's age is 18 years and then R's age can be 19 or 20 years)

Directions for Questions 6:

Study the following information carefully to answer the given questions.

If 'P \$ Q' means that P is the Father of Q,

'P ÷ Q' means that P is the sister of Q,

'P + Q' means that P is the son of Q,

'P = Q' means that P is the brother of Q,

6. Which of the following means that C is the sister of D?

a)  $C = P \div D$       b)  $P + D \div C$       c)  $D \div P = C$       d)  $D = C \div P$

i)  $C^+ - P - D$

ii)  $D^+ - C$   
    |  
     $P^+$

iii)  $D^+ - P^+ - C$

iv)  $D^+ - C^- - P$

Directions for Questions (7—8): Study the following information carefully and answer the questions which follow

T @ S means T is parent of S (either mother or father)

T # S means T is sister of S

T \$ S means S is grandchild of T

T % S means T is brother of S

T & S means T is the son-in-law of S

T ! S means T is the daughter-in-law of S

T \* S means T is the wife of S

T © S means S is the mother of T

There are some members in a family having three generation. The relation between the different members of the family are defined as follows: U@G#J

U&I

K !U

F%J\*C

E©G

H@E#L

7. If M is the only child of C, then how is M related to F?

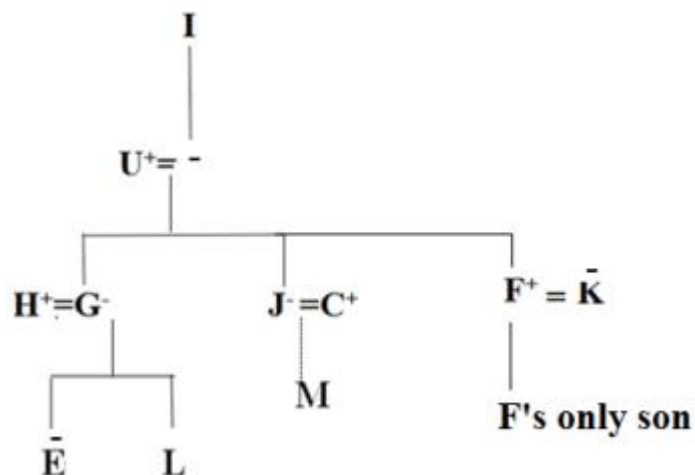

a) Niece    b) Nephew    c) Uncle    d) **cannot be determined**

8. If F has only one son, then how is J related to F's son?

a) sister    b) mother in law    c) **aunt**    d) Uncle

9. which of the following pair is correct?

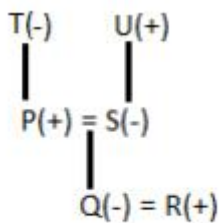

a) J!U    b) G\$K    c) L#E    d) **J\*C**

Solution for 7: As gender of M is not confirmed so we cannot determine how M is related to F.

10. In a family, there are six members – P, Q, R, S, T and U. There are two married couple in the family and the number of male in the family is equal to the number of female. Q is daughter of the son of T. R is son-in-law of S. U is father-in-law of P. Who among the following is father of S?

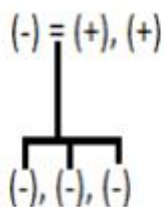

- a) P      b) **U**      c) R      d) None of these

U is father of S.

11. In a family, there is one father, two daughters, three sisters, one mother, one brother and a husband, then how many members are there in the family?

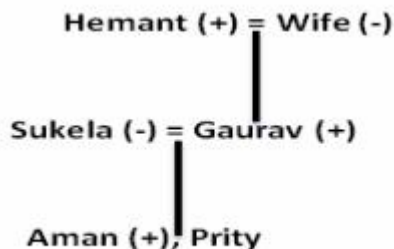

- a) 9      b) 8      c) 7      d) **6**

6 members are there in the family.

12. Aman is brother of Prity. Sulekha is wife of Gaurav. Hemant is father of Gaurav, whose wife is grandmother of Prity. How is Aman related to Hemant?

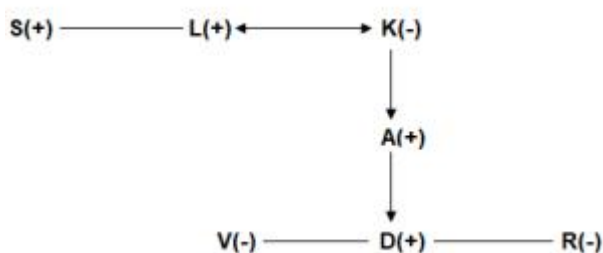

- a) Grandfather b) **Grandson** c) Grandmother d) Granddaughter

13. There are seven members A, D, K, L, R, S and V in a family which consists of three generations. D is the only son of A, who is son of K. S is the brother-in-law of K, who has no siblings. L has three grandchildren. Gender of L and V is different. How is R related to S's brother?

- a. Daughter-in-law    b. Daughter    c. **Granddaughter**    d. Sister

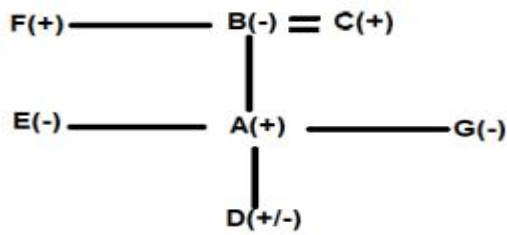

The family tree:

14. There are seven members in a family (A, B, C, D, E, F and G) which consists of three generations. There is only one married couple in the family. The least number of persons in the family is only in 3rd generation. A is the only son of B, who has three children. F is the brother in law of C, who is father of G. E is the paternal aunt of D. G is not the mother of D. How is F related to E?

- a. Father    b. Paternal Uncle    c. **Maternal Uncle**    d. Brother

Family Tree:

15. There are six members D, K, L, M, Q and R in a family. Q is the father-in-law of L. K is the only son of D and is not married. D is the brother of R. Gender of R and M is same. L has at least two children. Q has at most 2 children. How is L related to M?

- a. **Mother**    b. Sister    c. Daughter    d. Sister-in-law    e. None of the above

The family tree:
