

SEATING ARRANGEMENT

One Mark Questions:

Directions (1-5): Study the following information carefully and answer the below questions.

Ten people- I, J, K, L, M, N, O, P, Q and R are sitting around the circular table and facing towards the table but not necessarily in the same order. I faces the one who sits third to the right of Q. J sits fourth to the left of K. Neither I nor Q sits adjacent to both J and K. Only two persons sit between J and R who sits second to the left of N. As many persons sit between N and J is the same as between I and P. The one who sits second from P is sits second to the right of L. M sits third to the right of O.

1) ____ sits fourth to the right of M.

- A) L B) K
C) Q D) I

2) Who sits third to the left of the person who faces O?

- A) Person sits second to the right of Q
B) Person sits third to the left of L
C) Person sits fourth to the right of P

D) Person sits second to the left of R

3) Which of the following statement is/are true?

- I. N faces the one who sits just left of P
II. Q sits exactly between K and M
III. Only three persons sit between R and Q

A) Only I

B) Only III

C) Both I and II

D) All I, II and III

4) Four of the following five are alike in a certain way and hence from the group. Which is the one that does not belong to the group?

A) L J

B) MN

C) RO

D) PK

5) In which of the following statement the third person faces the one who sits exactly between the first and the second person in the following arrangement?

I. RLJ

II. MIK

III. RQP

A) Only I

B) Only II

C) Only I and II

D) All I, II and III

Directions (6-10): Answer the questions based on the information given below.

Eight persons- S, T, U, V, W, X, Y, and Z are standing on the circular table facing the center. All the information is not necessarily in the same order. S stands second to the left of X. W stands adjacent to neither S nor X. Y stands to the immediate right of W. Z stands second to the left of V. V and W are not immediate

neighbours. The number of persons stands between X and V is the same as the number of persons stands between V and T. U stands adjacent to neither W nor Z.

6) What is the position of S with respect to V?

- A) Immediate left B) Immediate right
C) **Third to the left** D) Third to the right

7) Who among the following person stands between T and S when counted to the right of S?

- I. The one who stands immediate left of X
II. The one who stands opposite to Z
III. The one who stands second to the right of U
IV. W

- A) Only II and IV B) **Only I and III**
C) Only III and IV D) Only I and II

8) Four of the five among the following are similar in such a way to form a group, who among the following doesn't belong to the group?

- A) UV B) **WV**
C) TS D) YX

9) If all the persons are arranged in alphabetical order from S in an anti-clockwise then how many persons remain unchanged in their position (excluding S)?

- A) Three B) **Two**
C) Four D) One

10) Who among the following person stands third to the left of Y?

- A) Z
B) The one who stands immediate left of W

C) **The one who stands immediate right of X**

D) The one who stands opposite to S

Directions (11-14): Study the following information carefully and answer the below questions A certain number of persons are sitting around a circular table. All of them are facing towards the centre. Distance between any two adjacent persons is the same. C sits fifth to the left of H. B is an immediate neighbour of H. E sits three places away from B. More than one person sits between E and H. A sits three places away from G who sits four places away from B. D sits to the immediate right of A. At most 16 persons sit around the circular table. A sits fifth to the left of C. Only two persons sit between C and F who sits adjacent to B.

11) Who among the following person sits second to the right of E?

- A) H B) B
C) **F** D) D

12) How many persons sit between B and D when counted from the left of D?

- A) Four B) Six
C) Eight D) **Seven**

13) Who among the following person sits in the middle of F and H?

- A) D B) F
C) B D) **B**

14) Which of the following statement is/are true?

- A) H sits exactly between G and E
B) **A sits to the immediate left of D**
C) F sits fourth to the right of C
D) Both A and B

Two Marks Questions

Directions (15-19): Study the following information carefully and answer the questions given below.

Eight persons viz. L, M, N, O, P, Q, R and S are sitting on a straight line such that all of them are facing towards the north, but not necessarily in the same order. The consecutive alphabetically named person doesn't sit adjacent to each other.

Only three persons sit between O and S where neither of them sits at the end of the row. M sits second to the right of O. The number of persons sit to the right of M is the same as the number of persons sit to the left of Q, who sits

second to the left of P. N sits neither adjacent to P nor S

15) Who among the following pairs of persons sit at the end of the row?

- A) R, N B) **N, L**
C) R, L D) S, N

16) If all the persons are made to sit in alphabetical order from left to right, then how many persons remain unchanged in their position?

- A) One B) Two
C) Three D) **None**

17) If O is related to Q and S is related to L in a certain way, then who among the following persons is related to R?

- A) **N** B) P
C) O D) M

18) What is the position of P with respect to R?

- A) Second to the right
B) Immediate right
C) Third to the left
D) **Fourth to the right**

19) The number of persons sit to the left of S is the same as to the right of ____.

- A) N B) L
C) **R** D) O

Directions (20-23): Study the following information carefully and answer the questions given below.

Eight persons - K, L, M, N, O, P, Q and R are sitting around a rectangular table facing outside, but not necessarily in the same order. Four persons are sitting on the corners while four persons are sitting in the middle of the sides of the table. N sits third to the left of M. One person sits between N and L, who doesn't sit adjacent to M. K sits opposite to O, who is the immediate neighbour of L. The number of persons sitting between Q and R is one more than the number of persons sitting between P and R. R doesn't sit opposite to L. P sits on one of the sides of the table.

20) Who among the following person sits immediate right of Q?

A) M

B) The one who sits immediate left of P

C) R

D) **The one who sits second to the right of L**

21) Who among the following persons sit adjacent to R?

A) K and Q

B) **M and O**

C) L and N

D) P and M

22) What is the position of O with respect to the one who sits third to the right of L?

A) Immediate left

B) Third to the right

C) **Exactly opposite**

D) Second to the left

23) How many persons sit between P and N, when counted from the left of N?

A) As many persons sit between K to O when counted from the right of K

B) Four

C) As many persons sit between L to M when counted from the left of L

D) **Five**

Directions (24-27): Study the following information carefully and answer the questions given below

Ten people are sitting in two parallel rows and facing each other. In row 1 – A, B, C, D and E are sitting and all of them face north. In row 2 – J, K, L, M and N are sitting and all of them face south.

E sits second from one of the extreme ends. Only one person sits between the one who faces E and J. L sits to the immediate right of J. As many persons sit to the right of L is same as to the right of B. D sits second to the left of B. Only two persons sit between M and K. The one who faces K is an immediate neighbour of C.

24) What is the position of C with respect to E?

A) Third to the right

B) **Second to the right**

C) Third to the left

D) Second to the left

25) Which of the following statement(s) is/are true regarding E?

A) E sits opposite to K.

B) E sits third to the right of C.

C) **E is an immediate neighbour of the one who sits opposite to L.**

D) None is true

26) If E is related to M and D is related to N, in a certain way, then which of the following person is related to K?

- A) **A** B) J
C) L D) M

27) Who among the following person sits to the immediate right of K?

- A) L
B) **The one who sits opposite to C**
C) M
D) The one who sits opposite to D

Directions (28-30): Study the following information carefully and answer the questions given below. Eight fans - A, B, C, D, E, F, G and H are kept around a square table such that four fans are kept on the corners and facing towards the centre while four of the fans are kept in the middle of the sides and facing away from the centre. They belong to different brands viz., Usha, Havells, Kenstar, Bajaj, Cello, Orient, Voltas and Crompton, but not necessarily in the same order.

B is kept third to the right of the Kenstar fan. Only three fans are kept between H and D, which is not kept in the middle of the sides. E belongs to Voltas brand and is kept immediate right of H. Neither D nor H belongs to Kenstar brand. The Crompton fan is kept second to the right of D, which belongs to Havells. C is kept

second to the left of the Havells fan. The Bajaj fan is kept three places away from the Havells fan. G is kept opposite to Bajaj fan. F faces the fan which is kept immediate right of the Orient fan. The Cello fan is not kept adjacent to A.

28) Which of the following fan is kept second to the left of A?

- A) C B) B
C) A D) **E**

29) Which of the following fan is kept exactly between G and the Cello fan, when counted from the left of G?

- I. The fan which is kept opposite to H.
II. The fan which is kept immediate right of C.
III. The fan which is kept second to the right of H.

- A) **Only (I)** B) Only (II)
C) Only (II) and (III) D) Only (III)

30) What is the position of B with respect to the Orient fan?

- A) Third to the left B) Second to the right
C) Fourth to the right D) **Second to the left**
